

**St. Monica's Altar Guild
2011 Annual Report**

St. Monica's Altar Guild is a group of women who are devoted to the care of the altar, priests' vestments, the various linens used for services, and flowers and arrangements or decorations for regular or special services. Altar Guild members form strong, caring friendships as we meet and work together. We share concerns and prayers for each other, our church and members of the congregation.

Our members work together in teams to insure the many elements required for services are fresh and proper for the service. This requires cleaning the silver and brass, laundering linens and making sure the priest's vestments are in good order. Altar Guild is responsible for providing flowers for services, funds for which are generously donated by members of the congregation.

St. Monica's continues to seek new members. We encourage you to prayerfully consider joining our group. It is a very rewarding service to our church, priest and our God. Please contact any member for more information or express your interest to Fr. John.
